Wellness, Elevated

KBL R11 Air from Tanning Supplies Unlimited

INDUSTRY LEADER KBL introduces the next level of technology and innovation in the evolution of wellness with the R11 Air Full Body Therapy Spa Machine. Results may vary by individual, but the benefits are numerous.

THE R11 AIR gives the body a huge wellness boost from its:

- 2,848 "635 nanometer" Redlight LEDs
- 1,188 "880 nanometer" Infrared LEDs

THAT DELIVER:

- Irradiance Level: 70 (mW/cm2)
- Dose Per "20-minute" Session: 84 (J/cm2)

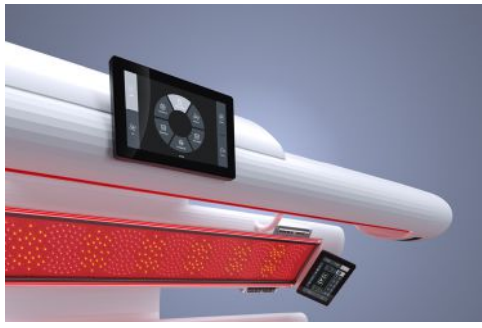

Clients can try any of the R11 Air's 6 "20-minute Focused Therapy Programs" on the control panel "Selection Screen" and enjoy the many benefits of Red/Infrared Light full body therapy:

- Pain Relief
- Recovery
- Energizing
- Anti-Aging
- Beauty
- Slimming

The R11's hallmark KBL design elevates the presentation of wellness services, but its core advantages are sophisticated software control, user experience, and the scope of performance data backed, FDA- 510(k) clearances.

SPECIFIC BENEFITS OF USING THE R11 VARY BY PROGRAM AND INCLUDE:

- Overcomes symptoms of acute and chronic conditions
- Relieves muscle pain
- Relieves joint pain
- Relieves TMJ pain
- Relieves arthritis pain
- Relieves muscle spasms
- Relieves inflammation resulting pain
- Relieves stiffness

** Results may vary by individual. Recommended use three times a week.*

The R11 is a conversation starter, a door-opener for new customers, and a high-value service that will help solidify salons as true wellness destinations. Backed by rigorous testing, specialized software, and the same KBL design pedigree trusted worldwide, it's a machine built to inspire confidence.

Wellness demand only continues to grow, and the R11 Air gives salons a clear way to meet and amplify it. It's an investment that strengthens the bridge between tanning and wellness, keeping businesses relevant, profitable, and positioned for long-term growth.
