

MEET THE ORIGINAL HALOBOOTH™

Our modern designed HaloBooth™ was created to provide an effective and personalized salt therapy experience in a private setting. It is cost efficient, simple to use and doesn't require costly room modifications to operate. The HaloBooth™ is available in two colors – white wood or dark wood. It is powered by our high efficiency HaloGX™ Halogenerator and comes with a 5-year warranty. The HaloGX™ technology creates even smaller salt particles, engineered specifically for our pre-built equipment and cost less to manufacture because there is no feeder or fan. HSL is passing the savings on to our customers. Our Halogenerators are the most user-friendly, minimal maintenance / repair generators on the market..the new HaloGX™ is even more so!
